Appeal from Pain Relief Foundation: One of the oldest Pain charities that has been working tirelessly in the field of Pain education and research for over 40 years. This has been made possible due to the passion, commitment and vision of Pain consultants, Neurosurgeons, Pain management therapists, team of volunteers and dedicated administrative staff. Following covid pandemic, most charities need financial support to help them survive and carry on the excellent work. We have organised these meetings free of charge and hope that you will donate generously to support the Pain Relief Foundation. Please check the work of the team <https://painrelieffoundation.org.uk/>
