European Pain Federation EFIC® - Cancer Pain School, Liverpool

Organised by The Pain Relief Foundation, The Walton Centre NHS Foundation Trust and Woodlands Hospice, Liverpool, UK

6-9 October 2026

Maximum number of candidates: 25

Venue: Radisson Blu Hotel (107 Old Hall Street, Liverpool L3 9BD) and Woodlands Hospice and the Walton Centre NHS Foundation Trust

Course Fee: **£550 for early registration (after 6th August 2026 £625)**

Course Learning Objectives (mapped to EFIC Core Curriculum Pain Medicine):

This course aims to develop skills of assessing and treating pain related to cancer and its treatment and in those surviving cancer. This interactive course format develops an evidence-based approach to assessment, and formulating diagnosis and designing a comprehensive holistic plan including pain management. The emphasis is on a multidisciplinary approach to managing pain related to cancer. Learning objectives of this course are in line with EFIC Core Curriculum for managing pain related to cancer as below.

- Identify sociocultural influences on the experience of cancer and cancer-related pain.
- Be able to compare and contrast the assessment and management of persons with cancer related pain and those with chronic non-cancer pain.
- Recognise the problems faced by cancer survivors who have persistent pain and management principles.
- Discuss the meaning and significance of the World Health Organisation analgesic algorithm for pain in cancer.
- Show awareness of and addressing unpleasant end-of-life symptoms including but not limited to, pain, nausea/vomiting, respiratory distress and itch.
- Recognise the essential role of close liaison with other teams, specifically from oncology, radiation oncology, neurosurgery, anaesthesia and palliative medicine.
- Define and distinguish between incident and incompletely relieved persistent pain.
- Discuss the role of cancer therapies in the management of cancer-related pain, including but not limited to: Radiotherapy, Radiopharmaceuticals, Chemotherapy, Immune therapy and Surgery.
- Discuss the use of other adjuvant analgesics in cancer pain including but not limited to: bisphosphonates, corticosteroids and ketamine.
- Role of various interventional pain-relieving techniques including nerve blocks, intrathecal pumps, neuromodulation, neuroablation and High intensity focused ultrasound.

There will be ample opportunity to interact with course faculty throughout the course

Who Should Attend?

Trainees from Anaesthetic, Neurosurgery, Pain and Palliative Medicine. Consultants/Specialists in Pain Medicine, Palliative Medicine, GPs, Advanced Nurse Practitioners, and Senior Physiotherapists with a specialist interest in the management of chronic pain. Scientists, Pharmacists and other non-medical personnel with a professional interest in relation to management of pain related to cancer.

Royal College of Anaesthetist's CPD approval (20 points) & Revalidation Matrix category: TBC

2E03 Basic assessment and management of chronic pain

3E00 "Specialist interest area in Cancer Pain"

EFIC Curriculum CPD Matrix

See attached appendix for EFIC core curriculum for Pain Medicine mapping

Course Material:

The Course Handbook will be available on the PRF Webpage with the lecture slides and carefully selected references (Available during the course and for 4 weeks after the course, to participants using a secure link via drop box).

EUROPEAN PAIN FEDERATION EFIC®

EFIC® was founded in 1993 and meanwhile represents 36 national pain societies in Europe that have been chartered by the International Association for the Study of Pain (IASP®).

Aims: In general, EFIC® is organised to promote multidisciplinary research, education and management of pain. The specific aim is to create a forum for European collaboration on pain issues and to encourage communication at a European level between EFIC® member societies and also with other bodies interested and involved in the fields of pain research and pain therapy, such as European, regional or national societies or federations of medical specialities (anaesthesiology, neurology, headache, palliative care, etc.), institutions of the European Community, European and national educators, legislators and health care providers.

Constitution: The affairs of EFIC® are conducted by its Council, which consists of the President or the councillor of each EFIC® member pain society and 5 elected officers who form the Executive Board of EFIC®. The Council meets at least once a year, while the Executive Board manages affairs between Council meetings. EFIC® is being established as a charitable foundation in Belgium.

BRIEF HISTORY OF LOCAL PAIN SERVICE

The Pain Clinic at The Walton Centre NHS Foundation Trust (<https://www.thewaltoncentre.nhs.uk/departments-and-services/pain-medicine/416956>) is one of the largest in the UK. The clinic's founder and director for 30 years, was the late Dr Sam Lipton, who pioneered many pain-relieving techniques.

The Pain Research Institute set up in 1986 by Sam Lipton to work alongside the Walton Pain Clinic. The key academic staffs are Senior Clinical Lecturer Dr Marshall and Senior Lecturer Dr Andreas Goebel. The Pain Relief Foundation (<http://www.painreliefoundation.org.uk>) financially supports the Research Institute.

The Walton Centre (<https://www.thewaltoncentre.nhs.uk/>) is a Neurological Hospital with a regional multidisciplinary pain unit. Drs Manohar Sharma and Kate Marley now lead cancer related pain service. The Walton Pain Clinic was set up in the 1960s and currently has eleven consultants, including pain physicians, neurosurgeons and psychologists, providing a service for the Northwest of England, but also accepting national referrals for complex pain treatments. Pain service has strong collaboration with palliative medicine, spinal surgery, neurology, urology and gynaecology delivering many specialised pain-relieving treatments and multicentre research trials.

Woodlands Hospice Charitable Trust opened in 1996 (<http://www.woodlandshospice.org>). It provides specialist palliative care for inpatients and outpatients. Its first medical director, Dr Ged Corcoran, established a joint pain/palliative care service with Dr Tim Nash, consultant pain physician at The Walton Centre.

Day 1 6 October 2026

08:30-09:30 Registration, Tea/Coffee

09:30-09:35 Course Opening and Introduction: Prof. Bart Morlion and Dr M. L. Sharma

09:35-11:00 **SESSION 1** Understanding Cancer-related pain, Chair: Prof. Bart Morlion and Dr M. L. Sharma

09:35-09:55 Hospice & Pain Medicine: the importance of collaboration - *(Dr Kate Marley, Liverpool)*
(3.3.13, 3.3.32)

09:55-10:20 The early day and emergence of the Hospice movement and WHO ladder – *(Dr Chris Wells)*

10:20-10:45 Prevalence of cancer related pain and unmet need: TBC

10:45-11:00 Discussion

11:00-11:30 Tea Break

11:30-13:00 **SESSION 2** Understanding pain and management options, Chair:
Dr Andreas Kopf and Dr Kate Marley

11:30-12:00 Pathophysiology of pain related to cancer - *(Prof Bart Morlion, Belgium)* *(3.3.14, 3.3.18)*

12:00-12:30 Cancer-related pain and the total pain concept - *(Dr Andreas Kopf, Germany)* *(3.3.1)*

12:20-12:45 Opioids - opportunities and pitfalls - *(Prof Bart Morlion, Belgium)* *(3.3.7, 3.3.9, 3.3.11)*

12:45-13:00 Discussion

13:00-14:00 Lunch

14:00-15:30 **SESSION 3** Pharmacological Management of Cancer Pain, Chair: Dr Kate Marley
and Dr Chris Wells

14:00-14:30 Assessment of pain related to cancer - *(Prof Nevenka Krcevski-Skvarc, Maribor, Slovenia)*
(3.3.2, 3.3.19)

14:30-15:00 Non-opioid pharmacological management of cancer pain, including Ketamine -
(Dr Andreas Kopf, Germany) *(3.3.5, 3.3.6, 3.3.10, 3.3.26)*

15:00-15:30 Difficulties with service development in developing nations- how can they be overcome?
(Prof Nevenka Krcevski-Skvarc, Slovenia) *(3.3.13, 3.3.32)*

15:30-15:50 Discussion

15:50-16:15 Tea Break

16:15-17:00 **SESSION 4** Current Concepts in Cancer Pain, Chair: Prof Nevenka Krcevski-Skvarc,
Maribor, Slovenia

16:15-16:45 Oncological treatments for cancer-related pain - *(Dr Chinnamai Eswar, Liverpool)*
(3.3.16, 3.3.21, 3.3.26)

16:45-17:00 Discussion

Day 2 7 October 2026

European Pain Federation EFIC® - Cancer Pain School, Liverpool

Venue: Woodlands Hospice (AM) and Clinical Sciences Centre (PM),
University Hospital Aintree, Liverpool

08:30-09:00 Tea/Coffee Woodlands Hospice, Liverpool

09:00-11:00 **SESSION 5** Pain Management in Hospice Setting, Chair: Drs TBC & Kate Marley

09:00-10:00 Symptom control in hospice/community setting - (TBC /Dr Kate Marley,
Liverpool) (3.3.12, 3.3.25, 3.3.30, 3.3.31, 3.3.32)

10:00-10:45 Exercise and education in cancer pain management - the Physiotherapy perspective
- (TBC) (3.3.13)

10:45-11:00 Discussion

11:00-11:30 Tea Break

11:30-13:00 **SESSION 6** Pain Management in Hospice Setting- Chair: Prof Bart Morlion and Dr
TBC

Grand Round with live case presentations - (Dr Kate Marley, Dr Manohar Sharma &
Dr Helen Hughes, Liverpool)

13:00-14:00 Lunch at Clinical Sciences Centre, Liverpool

14:00-16:45 **SESSION 7** Pain Management in cancer survivors: live case studies, Chair: Dr
Manohar Sharma, and Dr Manish Gupta

2 cancer survivors (live case presentation by Dr HemKumar
Pushparaj and Manish Gupta, Liverpool)

15:45-16:00 Discussion

16:00- 16.15 Tea Break

16.15- 16.45 Pain management in cancer survivors - (Dr HemKumar Pushparaj) (3.3.3, 3.3.23)

20:30-21:30 'TBC' Prof Bart Morlion

European Pain Federation EFIC® - Cancer Pain School, Liverpool

Day 3 – 8 October 2026

08:30-09:00 Tea/Coffee,

09:00-10:45 **SESSION 8** Interventions for Pain related to Cancer, Chair: Dr Kate Marley & Dr Mahesh Chaudhari

09:00-09:25 Role of sympathetic blocks - (*Dr Hemkumar Pushparaj, Liverpool*) (3.3.27, 3.3.29)

09:25-09:50 Cancer-related pain role of spinal cord stimulation - (*Dr Manohar Sharma*) (3.3.27, 3.3.29)

09:50-10:15 Epidural infusion for pain related to cancer - (*Dr Mahesh Chaudhari, Worcestershire*) (3.3.27, 3.3.29)

10:15-10:45 Discussion

10:45-11:15 Tea Break

11:15-13:00 **SESSION 9** Interventions for Pain related to Cancer, Chair: Dr Manish Gupta

11:15-11:40 Spinal neurolysis - (*Dr Mahesh Chaudhari, Worcestershire*) (3.3.27, 3.3.29)

11:40-12:05 Percutaneous cordotomy - (*Dr Manohar Sharma, Liverpool*) (3.3.27, 3.3.29)

12:05-12:30 Discussion

12:30-13:30 Lunch

13:30-15:30 **SESSION 10** Surgery for Cancer Pain, Chair: Dr Kate Grady

13:30-14:00 Neurosurgical treatments for pain related to cancer - (*Ms Deepti Bhargava, Liverpool*) (3.3.27, 3.3.29)

14:00-14:30 Cingulotomy for Cancer-related pain - (TBC) (3.3.27, 3.3.29)

14:30-15:00 Orthopaedic spinal surgical management of cancer pain - (*Ms Maggie Lee, Liverpool*) (3.3.27, 3.3.29)

15:00-15:30 Discussion

15:30-16:00 Tea Break

16:00-17:30 **SESSION 11** intrathecal PUMP for Pain related to Cancer, Chair: Ms Deepti Bhargava and Dr Kate Marley

16:00-16:45 Indications, patient selection, implantation and aftercare for Intrathecal Pumps in Pain related to Cancer - (*Ms Deepti Bhargava & Ms Alison Cox, Liverpool*) (3.3.27, 3.3.28, 3.3.29)

16:45-17:15 Setting up intrathecal pump service: Challenges and opportunities - (*Ms Deepti Bhargava, Liverpool*) (3.3.27, 3.3.28, 3.3.29)

17:15-17:30 Discussion

European Pain Federation EFIC® - Cancer Pain School, Liverpool

Day 4 - 9 October 2026

08:30-09:00 Tea/Coffee,

09:00-10:45 **SESSION 12** Therapeutic Challenges- Interactive Case Presentations, Chair:
Dr Manohar Sharma and Dr Kate Marley

09:00-09:25 Incident pain (Pathological fracture-related pain) - (Dr Manish Gupta, Liverpool) (3.3.8, 3.3.13, 3.3.16, 3.3.17, 3.3.22)

09:25-09:50 Visceral pain (Pancreatic cancer) - (Dr Prajwal Venugopal) (3.3.8, 3.3.13, 3.3.14, 3.3.16, 3.3.18, 3.3.27)

09:50-10:15 Cancer-related chest wall pain - (Dr RamKumar Kalaiyarasan, Liverpool) (3.3.8, 3.3.13, 3.3.16, 3.3.27)

10:15-10:40 Opioid dependence in cancer survivor- (Dr Bernhard Frank, Liverpool) (3.3.3, 3.3.11, 3.3.23)

10:40-10:50 Closing Comments from Chairs

10:50-11:15 Tea Break

11:15-13:00 **SESSION 13** Therapeutic Challenges- Interactive Case Presentations, Chairs:
Dr Manish Gupta, Dr Manohar Sharma, Dr Mahesh Chaudhari and Dr
Kate Marley

Group work: (Groups split in to 3 and case history on pain related to cancer and formulation of management plan with progression of cancer related pain and other symptoms including terminal care in hospice setting)

12:45-13:00 Closing Comments from Chairs

13:00-14:00 Lunch Course feedback and Close
